INTRO: **G C G**

VERSE 1

G **D/F#** **C**
This image is stuck in my head and burned in my heart
It's cloudy and though it is real, it's just the small start
Em **A7** **C**
of who I'm made to be
C **D** **G**
of who I'm made to be

CHORUS

C **D** **G** **Em**
I have seen in Your people glimpses of Your face
I have seen reflections of amazing grace
Make the picture clearer, draw me nearer
C **D** **Em** **A7**
As I walk this life of faith
C **D** **G C G**
As I walk this life of faith

VERSE 2

This image of following you is starting to show
All the colors begin to spread out and can feel growth
As You develop me
As You develop me
